Questionnaire for Public Health Office in District

RQ1 How can existing systems in Indonesia that include PMRV be relevant for PMRV in the context of REDD+?

SQa What organisations and people are involved in existing PMRV in Indonesia?

I Type of data collected

1. Do you receive data from these following Posyandu programs? (tick where applicable)

- Child and Maternal Health**
 - Prenatal mother*
 - Postpartum and breastfeeding mother*
 - Babies and under fives*
- Family planning**
- Immunization**
- Nutrition**
- Diarrhea prevention and countermeasures**

2. What data do you receive from these following Posyandu programs? (tick and fill where applicable)

Child and Maternal Health

Prenatal mother

-
-
-

Postpartum and breastfeeding mother

-
-
-

Date: : ____ / ____ / ____ **Interviewer** :
Location : _____ **Interviewee/Position** :
Age : ____ / ____ **Education Level** :
Sex : _____ **Checked by** :

Babies and under fives

-
-
-

Family planning

-
-
-

Immunizations

-
-
-

Nutrition

-
-
-

Dhiarra prevention and countermeasures

-
-
-

3. What, according to your opinion, is the aim of data collection?

Date:	: ____/____/____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: ____/____	Education Level	:
Sex	: _____	Checked by	:

II Organizations involved in PMRV

4. Do you know any other organization/parties (including NGO, private midwife/nurse/doctor) that conduct **participative** child and maternal health service in your district?

Yes No

5. If so, who are they?

6. If so, is it obligatory for them to report their activities to you?

Yes No

7. If so, what kind of data do they report to you?

III Number of personnel at each level

IV Motivation of participation

8. What do you think is the motivation for villagers to participate as a Posyandu cadre?

V Availability of budget for each level

9. Is there a budget in your office allocated for Posyandu activities?

Yes No

10. If so, from whom do you receive the budget and what is done with this budget?

Date:	: ____/____/____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: ____/____	Education Level	:
Sex	: _____	Checked by	:

VI Training of people involved in PMRV

11. Have you ever received training regarding to Posyandu activities?

Yes No

12. If so, who organized this training?

13. What were the items discussed during this training?

SQb What are the standards of data circulation within these systems?

I Standard of Procedure for PMRV.

14. Do you know of any standard of procedure (written regulation, training material, manual, guideline) to regulate Posyandu programs and data collection?

Yes No

15. If so, what does this standard regulate?

II Data reporting

16. How often do you receive report on Posyandu data from Puskesmas?

Monthly Quarterly Semester
 Yearly Others (mention)

17. How often do you make report on Posyandu data to Dinas Kesehatan Provinsi?

Monthly Quarterly Semester
 Yearly Others (mention)

18. How do you report to Dinas Kesehatan Provinsi?

Date:	: ____ / ____ / ____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: _____ / _____	Education Level	:
Sex	: _____	Checked by	:

19. Do you report all of your Posyandu data into the same or different division in Dinas Kesehatan Provinsi?

Same, mention:

Different, mention:

III Existence of feedback mechanism on each level

20. Do you give feedback to Puskesmas/Posyandu on their activities?

Yes No

21. If so, how do you deliver your feedback to Puskesmas/Posyandu cadres?

22. Do you receive feedback from Dinas Kesehatan Provinsi/Kemenkes on Posyandu activities?

Yes No

23. If so, how do they deliver their feedback to you?

SQc Are these systems sustainable?

I Period of system existence

II Success criteria of PMRV system

24. What are Posyandu's main targets to be achieved?

Date:	: ____/____/____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: _____/_____	Education Level	:
Sex	: _____	Checked by	:

25. Who decides on those targets?

26. Do you think that in general Posyandu have met these targets through their programs?

27. Why do you think so (that Posyandu has or has not met their targets)?

RQ2 What is the Existing Approach to Verify or Validate Credibility of MRV Data?

SQa What are the characteristics of the people involved validating PMRV data?

I Quality of human resources involved in validation

28. Who validates the data received from Posyandu?

29. Have they received training on data validation process? Who held the training and when?

SQb What is the current procedure for data validation?

I Existence of data cleaning

30. Do you clean/check the data you receive from Puskesmas before reporting this to Dinas Kesehatan Province?

Yes No

Date:	: ____/____/____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: ____/____	Education Level	:
Sex	: _____	Checked by	:

31. If so, how?

II Means of validation

32. Do you validate (*e.g.* compare with previous data or with external data) before making report?

Yes No

33. If so, how often?

Monthly Quarterly Semester
 Yearly Others (mention)

34. How and what processes do you use to validate data?

III Data analysis

35. Do you analyze data before reporting it to Dinas Kesehatan Provinsi?

Yes No

36. If so, what kind of analysis do you conduct?

37. If so, what are the reasons why you conduct this analysis?

Date:	: ____/____/____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: _____/_____	Education Level	:
Sex	: _____	Checked by	:

RQ3 How can we use perceptions from the various actors to inform about the robustness of current MRV system?

SQa What is the perception of the various actors on the functionality of the existing system?

I Efficiency of the system

- 38.** Which Posyandu program do you think has the most efficient data (*e.g.* achieving its goal to improve child and maternal health and enable further analysis)?
- 39.** Why do you think this program is efficient?
- 40.** Which Posyandu program do you think has the least efficient data (*e.g.* achieving its goal to improve child and maternal health and enable further analysis)?
- 41.** Why do you think this program it is not efficient?

SQb What makes this system sustainable?

I Criteria to ensure sustainability of the existing PMRV system in the health sector.

- 42.** What factors do you think, makes Posyandu sustainable? (minimum Human Resource number/quality, budget, facility needed, etc.)

Date:	: ____/____/____	Interviewer	:
Location	: _____	Interviewee/Position	:
Age	: _____/_____	Education Level	:
Sex	: _____	Checked by	:

SQc What aspect, according various actors could be improved or changed to make this system more feasible and/or sustainable?

I List of recommendation to improve Posyandu performances

43. What recommendations/suggestions do you have to improve your Posyandu performance?
